

Internship Testimonials

I was ecstatic to finally have an internship where I was doing and learning with the CEO! Not just getting coffee and mail. My input in decisions was valued!

Working with Dream Weavers Management was an experience and opportunity of a lifetime. Not only did I learn about the entertainment casting process, but I fully realized the importance and value of teamwork. I am so appreciative to have had the opportunity to work with such a dedicated, motivated and fun-loving staff.

Interning at Dream Weavers was a great experience. Working so closely with Laura meant that she got to know me, and I felt that she really trusted me with important responsibilities. It gave me the confidence to know I could succeed in my career.

We also had a lot of fun working together; it was one of the most positive offices I've ever been in. I was always excited to go to work in the morning. Dream Weavers was about more than just having a name to put on my résumé; it was a great way to get my career started!

My first internship was with Dream Weavers Management over one summer. As someone with no previous experience (but with an avid interest) in the field, this internship was the perfect opportunity for me.

Working with a smaller company has many advantages. I was not running errands and getting coffee, but rather experienced everything firsthand. I was actively involved with the company's everyday tasks, working alongside Laura and other staff members choosing actors for submissions, telephoning clients, and so forth. They actually asked for (and valued!) my opinions.

I received an eye-opening behind-the-scenes glimpse of the entertainment industry. All in all, it was a wonderful experience, and I am glad I was able to be a part of it.

I went into this internship with the mentality that I just had to get through three months of boring intern work in order to have a good line on my résumé; from the beginning, however, it was clear that my responsibilities would not be so limited.

Laura does a great job of keeping the interns included and the work interesting. Interns are involved in every aspect of the business. I learned not only about talent management, but also what it takes to run a business. I appreciated that Laura really listened and considered interns' input.

After three months at Dream Weavers, I learned so much about the entertainment industry. I have a newfound respect for all the work that goes into casting a short commercial, let alone an entire television show or film. Every time I watch a commercial, I think of all the phone calls we made!
